Inst. are difficult to change.

Honour Killing In India is it allowed??

why Honour Killing privillege in India Female Infenticides

① going Beyond rules of family told by your author By

Caste & religion Bride/Groom has to be killed.

Inst. feels not indi.

Female Intencide? → why kill female By Born??

They keep a fist full of salt in daughter mouth.

why? It dehydrates Body and she die.

Family/property protected by male child so female unwanted

Social structure is like. Frame work / Infra structure which helps in segregating people in layers Both horizontal & vertical

In India main segregation is caste

No Horizontal, vertical stru

every across country in globe have social structure.

Gender also a social structure.

lot of people say caste doesnt matter in country → mostly by privileged

But some ~~say~~ dont talk abt caste → mostly marginalised.

America → race is ~~super~~ a structure.

Marx → Bough structure named "class"

~~Ife we t~~

fancy novels → authors created super structure.

who are pure bloods in Harry Potter??

Both parents have magic Blood??

squids?

Both wizard parent cant do magic

should structures stay / not? author wants to talk abt caste system.

we can transient class But not caste.

Social process

Individual who become more and more involved in consumption. wizavi tech & wizavi tools.

not only Buying I phone Its about consumption.

Before it is Gold, House to show up a class.

Bombay → living quarters is small

Govt → social distancing villages are spread out

Govt stoping

contradictions Also present.

state changes with time formation is process

ruling is also a social process

Resistance change & Mobility :

1) power/Authority
2) urbanisation/mig
3) development/Inc
4) Society & ecological change.

movement

1) Geographical Mobility :

migrant moving from place to other place.

Dalits move to city bcoz the way village look them is cheap than city.

social mobility → change in clas A → B.

Resistance :

Anti-colinal movement :

All social structures have participated in this moment

every social moment has one agenda to get a better change for better life
contradictory social moment.
Sabarimala issue:
women should enter or not But other temples of same God can visit.
It is the God choise to not enter women.
Ram → Became petetioner as he is also a human.

If a sociologist study abt fondship like online & in person.
Nastiness in Internet is less than in person as there is surviience.

Natural science:
If a ~~thin~~ experim done in Hyderabad If the same " " " Antartica results are same But not with sociology.

ss:00
How many believe have free will??
why we dont have free will??
→ Some actions which dont make us free will like killing someone

Free will coming from self.
means I want to do what I want without thinking abt consequences.

Ide a of self Governed by 2 things

① How we pursue ourself.

② How do other pursue me.

↓

wheter you are accepted

why do we have a free will??

like 85% attendance in IIT which no one like But do that so mostly we dont have free will

Person who has free will they do every Institutional.

accountability is problem in free will

why is interreligious marriage is problem?? till date

↳ religion is inst going opp to ↓ Society

In cities how ever there is no time to practice religion practice.

commodity ↓ product) service exchanged by value.

What does colonial say abt coffee?

They tell abt cond'n of working to make coffe they are labour not getting profits also.

What does couple on 1st date say abt coffee

Here it is a way to start conversation.

Iphone ↓ over 30 countries combine to make.

② Article → Getting In → Galbes

③ Scree intimacy.

Lecture - 3

Idea of sociology ??

→ what is relation b/w Individual & state??

In 17 so's earlier american civil war with in a cent

French revolut after that industrial revol.

It is not in form tech. But in human relation

How people live befor indus revl :

① trade ② To take word of God.

as per european except them remaining are trible

they thought like that.

when a portugese lands in latin america they

→ don't known english.

not understood language

Do you ~~excep~~ accept Jesus?? → They couldnt under stood and

shave heads and shot also

There is a economic intention.

In europe all minerals are done/completed so they

moved to other countries

who are in europe lived feudalism

It is wrong to compare europe feu with

Indian why?

" " survives bcoz of caste

fief

feudal lords → own land & command MANOR

huge castle

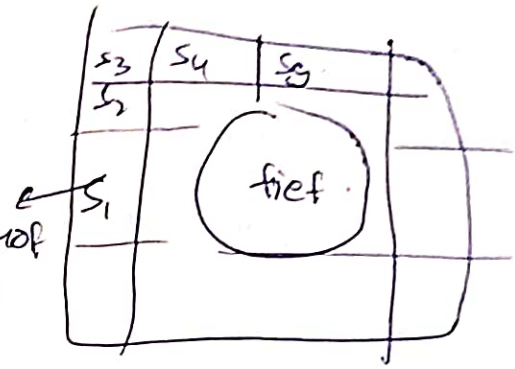
Build

It is called fiefdom

The land he own is called

fief

Kingdom = Efiefdom



During Harvest where extra labour needed free pesants come from outside.

Here If lord wants to sell some Part of land surf should also sell that land.

so there is a unique Bond.

6:00

If Lord wants to sell then surf also should sell.

3humans are given free with land.

This relation is not due to caste but of economic obl^n cond'n.

→ Surf tales the land then $2/3^{rd}$ shld be given to lord

$1/3^{rd}$ surf can keep

→ This extra is Given to urban & "church" → for tax

→ There is no currency only metals/coops are moved as money

→ In feudal system there is no idea of Reinvestment.

"lords would do show off for showing off"

first when they taught of Investment the Invested in Guilds

means A Grp of People who have common skills like Goldsmith.. etc.

In every city there is a Guild

If I want to be carpenter then register in that Guild we wont give any money But free training & food.

And u get a Job

Invested in these Guild so many discoveries happened

u subjects
- → Theology (Bible... etc) ethics
- → Basic maths (chem, Bio...)
- → Astronomy
- → ethics

These discoveries are People made

UK → Potato Blit

All potato roots Bcoz of a disease. People dont have food which leads to village to city moment.

100's of People working in a space & untied from lord which Give rise called notion of wage.

Parallely

subject of sociology is growing philosophers of american revolution / French rev they want to ask that notion of diff B/w The Individual & State.

asking ques of free will, Divine Intervention

august compt → This doesnt answer relation b/w Ind. with other Ind. neither with other Inst like market, family

His private life is diff from shop tour

In a single day he travels to multiple places & socialize. we wont study that.

we have Natural Philosopher most went to science from this Branch we got sociology.

The Development these itself is a question The traditional ways of life in feudal system and massive change in europe of

Mechanisation is also reduced people in agriculture

sociology is main question is what is modernity.

This a difficult question

what is modernity??

modernity is a process which changes with state & time.

As per Marx Ind. Revolution is an epoch of modernity starting.

we are living in IR 4.0 live in world of non-wired man & women. we can connect each other without in a space. no tied to God

we dont require human to do something can there be other sanient form.

India Som

Caparnicous, Galileo all have common thing they questioned church science is different from religion.

Church ~~those~~ tend from natural science people.

If ~~we~~ they ~~need~~ want to find anything they didnt have proper method

like Africa has long limb than spain to find this they go to long limb people and check diet ~~Ia~~ this is wrong only this wont tell everything.

22:00

This is the time when european colonisation at its highest And that is being transfered.

primitive accumulation:

remove ~~coal~~ coal from India and transfer to their countries this ~~coal~~ coal is removed by us like slaves.

colonisers are collecting thats why India hit capitalism as being colonised same with Africa also.

→ Global south is reason for rich ~~to~~ to be in Global north

→ Britishers tought how to rule per u then they converted from Power of church → power of kings.

→ To create laws here they want to know abt cultures they sent anthopology to make reason of our culture.

That is how started.

mode of prod'n change leads to class structure change

feudalism before there is slave mop

Hunters also mop

feudal → capital

In India still feudal is present.

ex: manual scavenging → why ... this is happening.

Hyd, mum pulled by court and why

why??

Human is cheaper than Robots Dignity can be compromised. They dont get any other jobs.

Do we live in perfect capitalist

There are some places

① population ② our Ideas → These are reasons to not be in perfect.

Protesten church & catholic church

relation bw person & God is individuals.

church has role like seaman on sundays

church cant take taxes.

church from martin Luther King & John

why relation b/w me & God is operated by Church & relatis is Good till we pay tax.

why so tausactionable. There is a Broker b/w God & us.

First time in histor we got a concept like relation bw Ind & Others (Insto

In India that has not changed.
South asia

You have a identity in europe like you born from a farmer fathere you cant join in mnc.

It move from ascribe → achive
ascribe → caste
achive → class

we can change class But not caste.
1st time achive came.
sociology interested in relation b/w Ind & Others Inst.

Phase-I
lot want to debate
The west is superior is conception world look like
They have best product called democracy which shld be there at every piece of land. So they become modern. we are here to save you.
west can tell this bcoz it has science.
Base, superstructure.
Marx would tell this is colonial interest pushed.
They tell outside democracy but that is not the case
independence,

purna asked in 1911 British are making more laws and they are extending so much.

when British came here they saw caste system here. thats why revolution from adivasis are very low its highest around Indep

British made sure caste system present here. They want to make democratic But they didnt do that they send people to anthropoly to write human life.

Religious text are modernized to english.

supreme court Judges almost 80% are from previliged castes its a problem even highcast

you have a caste system you being new caste system

In 1857 · All Indians are hands & gloves are in Britishers they would tell rebels.

In Anticolonial → every class supported.

In some places of India If a white laby goes to a shop people throw cowdung. This is act of Resiliance they would throw stones.

criminal tribe act:

It makes mobility zero.

If u are a tribe u cant move more than 50km why?

views agnist britishers should not spread across

These people are always behin bars.

low caste would loot land lords bcoz land lords are exploited.

people from certain place & race they are criminals by born.

During Independence ~~the~~ only sociology in India started

There is group called Gaza they would come only once in a year & see culture & everything in a place & write a description.

They are telling
we are uncivil, not ready yet we dont live with asthetics.

Mahabart & ramany are brilliant epics are they existed in real.

Anthropometric method
It is to build profile of ideal man & women
Its a question of.

If Jesus is existed he wont look like that because ~~in~~ at that place Jerusalum it is temperature is high.

God is created by imagination of man.

→ Northern Indian crowd ~~ke~~ pubjabi length of forehead is same as european people.

→ sociology 2 things happen
① Book view ② society view/field view

↓
John took our sanskrit book converted to english & told this is what Indian society is.
Rathantata → opium for Britishers
like this.
Bengal Got the 1st time to educate of english.
Domestic capital vs foreign capital
what is dominant caste
Is a caste who hold more resources
In north yadavs have more land so they are dominant caste.
This is the time ~~what~~ education importance??
If they have more land also to convey any message they need educated people.
Schools → only slides
① Bombay schools

Bidadara → Islam caste.

messenger of God → This guy says athara. even after raping women MLAs Go to him taking blessing.
why he has popularity?? Gave up

sociology → question the powers

$\log_{10} SNR = SNR_{DB}$

Lecture-4

If I want to study brain → basic is neuron.

example
what is not a social action

In a movie
conversation can start with a book → social action.

A social action means always meant for somebody

As per weber there are multiple types of social action

Rationality Reasoning for doing those.

sociology can study lot of types of human behaviour

sleeping
In Inception sleeping is social in nature
dreams It meant something to Individual → As per some culture.

easy jobs - make your money work while your sleeping

"market → crash" also → myth

subjective meaning to social action
Dating is a social action.

social action leads to a goal.

construction of society is around social action and depends on Inst.

In

If sathi practices in some parts of country from Interpretation method we need to go there documen And ask question why you are doing sathi.

Coconstruction of knowledge unlike N.S (natural science)

weber

meaning making of subject is imp.

11:00

If we spend months with anyone If they are acting they give up.

Interpretation two layers

① social subjects

② sociologist is coming in

practicing empathy

12:00

PBS Locker room

Its a whatsapp group they were passing some photos and passing harsh comments on women and in that grp mostly 10th, 11th class

As sociologist sir can tell that they are rowdy class) slum people.

Its case tell to investigate the case
not to say directly not gender Bias.

weber there a

① Instrumental Rational action/mean-end ~~rationan~~ social action.

② social- reagae

All of these actions come from rationality from
type of
which they arise. pushed by a certain rationality.

17:00
empathy → To investigate
society → has all types of rationality people.

①
It is a goal/purpose driven
"I need marks in the exam"
Arrival of capitalism made this rational to come
Every body will follow this

② A GOP of action is based on value Judgment
A value some can have can be
"I fail in exam But wont check" → Its a value
↓
As Institution per its Bad Idea BCOZ my goal is to
get good marks.

~~Titan~~ Ship captains say → I will go down with ship
↓
value

~~your~~
③ ~~religious/com~~
④ Traditional Belief system
lot of caste-based ^ religious, play a role
community

~~ex.~~ Dowri →
value: some body authoring them
Traditional:
place Lebasana → IAS training institute
These training persons out 400 200 marriages happened
~~th~~ at that pt. out of 170 ~~above 40~~ North → 110
are taken dowri → what are rationality
They said I love this women money is to my
Parent.
entire transaction is to father
Have Both traditional & Instrumental
↓
take money.
His mind is like I am IAS so I need money.
mostly In single case Both traditional & value
Becomes traditional & Instr.

A lot of couples who are Inter religious/
Intercaste they wont marry.
→ Its not allowed traditional rationality Is also
Instrumental Bcoz Just By knowing surname they
wouldnt love

weber is only sociologist who spoke abt emotions

when a child born dont known abt fear society would give fear.

weber wants to say at 1920's

If capitalism goes on like this way only instrumental rationality will stay

every human being think how to maximize changes

Iron cage of rationality → weber is scared of this BCOZ If I want to give IIT-JEE to maximize chances I will kill competitors.

If only I or

~~If~~

All of us then in capitalist society would be in this cage.

Karl Marx:

Acc to him to be human to be concious we can manipulate nature in a way and create own subsistence In animal it deals with instincts.

During Hunting time we made nature as it is

After that 1st time knowledge system is produced which is pased on generation which is making human

objectification & Alienation.

when we consider categories diff. from us (or) forming " " "

Humans have art or skill to which to manipulate nature.

Idea is when man/women part of society not visible what are social relation req for prod'n.

Rice/wheat

Rice where comes from "Big Basket" we are Alienated from process

even capitalist alienated.

work for 8 hours & take 8 hours rest.

work shld have creatity not the case in capital system

Tailorism/scientic managment.

chair → Before one person would do total process.

now only ~~sec~~ tigh screw one person so dont have creativity

work places changes something changes

marx got Idea from Hegle

Being materialist spirit alienated from body is diff.

In a capitalism mass alienation has happened
He is critiquing social order economy, society
& politics at same time.

Base is economy above that superstructure
It can be opp
Acc to weber Its just not economy weberian
theis rise of capitalism in to this word
bcoz there is a re information.

weber → no diff b/w Base & superstructure

marx → work doing does not gives satisfaction
why creativity not allowed
controlled chios → In start up used

Sundar pichai → not a founder But enterpreneure
BCOZ giving stocks what is expected to be creative.
It works for Investors of google.
It is a alienated experience.
Handicraft no one is interested BCOZ no one is
appreciated.
Khadi moment → work with your hand, Be creative

Start up problems??
After having funding It u have todevelope that
investors tell burn cash to get customers no
todevelope.

① when some goes to company, is labourer then labour then labour power → max capacity labouring some can do in a specific time.
↓
some hours of work exchange with money.

Chair
I stand here 30 years and do same work far away from end product we dont known what is the " " .

② each person contributed some part
issues
~~ooo~~ 2 one part of product
② product he/she produced is not affordable to them.
In feudal you could eat rice that produced.
If u ~~want~~ were making Nvidia chip But u may not Buy it.
Silicon → from Africa 63 mineral req to prepare iphone/nvidia.
Consumer alienated from product making process.
The person who mine silicon he dont know what is end product.

③ pre capitalism The dependence b/w each other is more bcoz there is no money there it would be exchange like resiprocity / debt.

In feudal system surf should ~~stave~~/survive

Bcoz no one will work.

alienation → exploitation.

what is it adds value to a product.

raw materials,

for chair → woods, ~~sc~~ metals

add up ⇒ will we get chair there is a ~~chair~~ human.

In alienated process chances getting exploited is more.

Around IIT Bombay

These children are doing great what does it add up to

neighbour Houses.

Acc to marx

who are doing mining work they have to known

abt exploitation & then reimagine a system

no direct soln.

Salary of sundar pichai is ~~less~~ than his worth

alway the payment you get is always lesser

marx critiqed Higil at spirit.

reformation → Is a movement in 16th century

church & monarcy is same
↓ ↓
divine power moral power

kings & people say king shld go up.

Bible from Latin → German
↓
to normal language (for people to understand)
to have a faith in people so why are u come.

Some produced go to monarchy & church.
Now it is not tax If you want you can pay.
~~root~~
John Kelvin → protestian → protested against catholic church.
↓
Thrown out of france.
God know you will go to hell/heaven.
Church cant do that If u are going to hell so
now go to heaven.

Peter → 1st chapter
Article Getting In
screem Intermedy.

lecture-5

Screened Intimacy

Before ola & uber it is tought to a ride to go a desti'n to destn.

People don't have car to buy always

rent vehicle perday (or) per km and give him rent.

uber two rent collectors.

① uber ② Person who is renting car.

Marx → That kind of alienation

There are 2 owners one is car owner & managment from uber.

Irony of tender is that

① sitting on Director chair (✓ (or) ✗) (cast-in)

② lack of Info is much better than the more info

when somebody in tinder like

People present self on tinder real might not be.

why??

perception it become which kind of man/women

get a right swap

There is a perfect image that is Build and

Do you know abt tinder Bio:

Take all Bio's and check

Dog mother, Dogfather, Adrenaline Junky.

some one like to stay in beach.

Those projection are common

dating inIIITH

you have got more info. whats other thing happens here, dating In IIIT is different.

~~we~~ Its very difficult to act throught the year

So in a year they will take out mask.

what is Intimacy

It is started from Idea of soul/spirit which is very personal. means Some body private life.

Is tender supporting all class/location people

why does it matter

you started with in caste marriage/Arranged marriage 1970's onwards in marriage also love is started in 1991 LPG has started.

Dating is a long process:

This speeding of being Intimate life with Some body having added to Interface ading some thing to it

Affordance:

What does design allow users to do

u device amap trying to locate money lenders

The problem is police can also use this to find illegal money lender

when a product comes to market there can be a diff affordance that even designer couldnt taught.

Ex:

40 lakh people aadhar details are leaked

All Dalits & muslims houses are marked with red cross v why??

these are homes

aadhar has affordance to give Bank details even today

leakage of data is continuing.

① Banking ② pancard ③ Biometric

when u connect these 3 via aadhar verification it comes to you.

They didnt have

when 100 days work came to Dice Bank the subcontractors would take credit cards and withdraw money.

out of 9000/- 2000/- subcontract take and 7k given to them.

Swipe logic:

most popular apps what is movement right left & up down

"like counting money"

Temple run why addictive endless loop you go forward.

UX UI what does it

you will be in control such that 100 people like you stay & you get lost Bcoz these types get retention.

It is a judging app

why are gestures so imp??

with a sense of touch you are in a control

ex:

when I touch a Box I can open the box (or) I can feell materialist

If u open box It is more control

Tindering can be in Public/Private

public private space → A specific Place in a train/ class in H 105

Sir dont know what is he doing But beside person known

If you are using these in Public Private place then your Idea has gone beyond the Idea of choosing a girl.

setting params and creating a profile

what param you set these ranging from "15km - 60km"

0 - 15km → why?? not??

I ~~dor~~ want to exclude from 15km They know type of shaming that is coming in.

A very few people use Bio. If they read Bio
If the Photo is attractive. so in that snapshot
If u look Beautiful.
we are expressing our life as reduced & partial
life.

Deduction.
It reduces entirely into a single image.
In one photograph they are expecting style, passion
...etc.
I am unable understand their humour, asthetic
passion in a photo.. actors are acting in screen
so we cant say there real life is same.

you will play if you pay.
like this only Gaming industry hook you up for
premium version.
The moment you want to evolve in Game you
need to pay and Buy token (tokenize)
Like Raymen one toping prize so as to pingn
prize.

In tinder u cant take screenshot ~~go~~ you can
take other phone and Google search. Who is she.

So If she dont want she will be exposed. So if you do right or left doesnt matter bcoz he can give insta request.

Some Influencers in insta swipe all left ~~so that~~ and keep Insta id in Bio so they get request. via tender Insta is T.

network affects:

more Instant match more money.

From Tinder Insta got Boost this is triangulation

so these ↑ money making possibilities of diff platform & privacy ↓.

In paper is called Decurated self → photograph Black dress, Beautiful.

when all of use try to keep Best image then the worst image. & Bcoz we keep a expectation

lets say when u go to restarent people who work here they talk to us very nice Gosphes how he is Good throughout day bright. he says it is front stage

Ineveory human being → front stage / → Back stage.

~~Back Sta~~

Front stage → you can sing some song But in

Back " you want to listen Latha mangeshkar.

reduces

every thing to a Body is come to choices like yes/No

French women

she had a heart break like 1½ year she didnt

came out then her frnds told to move on she

came to tinder she hasnt having expectation.

Love takes time

within a year her desired, idea has changed and

telling to make everything fast.

you would play this Game every weekend If

you dont have time & you would decide instantly

he is not the right person bcoz if his Jeans

Personality reduced to choice.

morally long term marriage

app is changin human mentality Apps may change human mentality (Templeton)

44:00

you dont interact with other person. ~~yo~~ If you go with friends also you will use that app

life exist with a form

~~per~~ swipe itself is a verb → action is present

swip

medival say that it is part of perception

5 perception we have (5 senses skin, ear, nose, eyes, tounge

when u actually cheat perception one over other

like when pinching you scream But not real as eyes

I am expanding speaker it looks like coming closer

But not. Doomology.

Tinder swipe encourages in real time & real time

media

If I were

real time mean → not meeting in person If u have date But ~~yo~~ Busy with metting But media says you are in contact with chatting. distance of time doesnt matter.

"Theatre & ott"

↙

for cinema u need to spare time But ott you can see whenever u want.

earlier when non-tinder era people shld

make time to meet even to ide a of called

But Now

They think they are control agency → traumolog

serious socioptic problem

Gazan war Going on

In middle east who will fight

Pablob experiment

pull trigger without knowing

merit

If Biology is more imp in future then you ~~Student~~ Child will study Biology.

ch of Inference in class.

o attendence going tohappen

unds Inference?

nces → Inductive → science
→ deductive → maths

are looking experience → Inductive

Good is a chair so coitis is

are mammals so

what makes poor reasoning

why shd we

you ch

ut

e human reasoning is not perfect Bcoz

As we are not perfectly logical feeo

we fall for emotions, values like

that's how propaganda works

w

Logic → normativedisciplines

Good reasoning ftam

what makes Good arg as Good ?

fallacy → look like Good arg But not really.

what convince you a " "

① comprehensiveness ② clarity

③ everything must be satisfied / justified.
